Lukas Kahmann

Software Engineer | Process Automation Developer

Professional Career

Ambition to become an Unreal Developer

Self-Studies, Braunschweig | March 2025 - now |

- Studied core principles of game development and game design theory
- Gained hands-on experience with Unreal Engine 5 workflows, best practices, and toolsets
- Developed prototypes using Unreal with C++ and Blueprints
- Researched and applied the Unreal Gameplay Ability System in practice scenarios
- Created personal projects to reinforce and expand learned skills
- Collaborated in a Game Jam project to deepen skills in a team-oriented development environment

Process Automation Developer

Weissenberg Group, Wolfsburg | April 2023 - March 2025 |

Implementation of process automations in various customer projects using Robotic Process Automation (RPA).

Sectors: logistics, banking, public administration and the automotive industry.

This included:

- Analysis and evaluation of process automation potential
- Process documentation, modeling, and optimization
- Setup of RPA infrastructure as well as development, testing, and implementation of automation solutions
- User acceptance tests, go-lives, and ongoing support
- Responsibility for onboarding new colleagues as well as supervising and mentoring dual students.

Junior Developer Process Automation

Weissenberg Group, Wolfsburg | August 2018 - April 2023 |

Collaboration in customer projects related to the development of RPA processes during the dual study.

EDUCATION

Bachelor of Science in Computer Science
Computer Science with integrated vocational training
Focus: Software Engineering
August 2018 – April 2023

Ostfalia University of Applied Sciences Wolfenbüttel
Final grade: **2.7**
Bachelor's thesis: „Examination of existing Software as a Service (SaaS) models regarding their applicability to as a Service models in the field of Robotic Process Automation (RPA)“

IT specialist for application development
August 2018 - January 2021

IHK Braunschweig
Final thesis: „Automation of a modeled business process using RPA“

Abitur (German General University Entrance Qualification)
June 2018

Gymnasium am Bötschenberg, Helmstedt
Science profile with a focus on mathematics, physics, and English
